

**Roger W. Haserot**  
Technical Assistance Expert  
for Academic Innovations Career Choices Curriculum

**Data:**

- Independent Contractor working primarily with private Christian and Parochial schools.
- Career Choices Teacher of the Year 2008-09
- Lead Teacher for Career Choices-Freshman Transition program at Mt. Diablo High School
- Coordinator of implementation and support of Career Choices in the Mt. Diablo Unified School District (program in three high schools)
- Participant in Focus on Freshman as a speaker and member of the Technical Assistance Team

**What I can do for you:**

- Available to assist in implementation of a program at your school – public or private
- A resource on certain “how to’s” regarding classroom situations with Career Choices
- Expert on the sections of the curriculum related to Budgeting and Career Research (using the BLS Occupational Handbook -online), and elements required for developing students’ critical thinking skills
- Expert on the entry of information on the “MyTenYearPlan.com”, and the various uses of the 10 Year Plan in student course scheduling, counseling, and it’s use in job searches and interviews.
- Work with individual or small groups of teachers in face-to-face meetings or via teleconferencing.
- Assist with the creation of informational forms to assist students in tracking their Career Choice assignments, including teacher grading.
- Assist with the creation of data tracking forms showing success in student achievement and retention as a result of participation in a Career Choices program. (Important for justification to the school district to continue the program)
